Why does Covered California software give such conflicting results? When we became just the two of us, now the threshold was lower and I lost all the subsidy for these last two months. Which would you choose?

The whole intent was not to help the poor, but to push more people into poverty.

Much higher premiums than individual health insurance was prior to the ACA and the coverage is worse – at least for older adults. You would really have to have very broad-based taxes that would reach across the income spectrum.

The new Dutch health insurance system and its implications for pharmaceuticals may be history now but your assertion that your US care was 'better' may be an illusion based on non-medical factors. But what we as patients really want is to be .
