New articles related to this author's research. She was feeling more in control now that she realized that she only had a few immediate decisions to make.

Beautifully researched and written. Ruth Dempsey: It seems widowhood caught

A couple days after the funeral I discovered that I was pregnant with our son. Deborah van den Hoonaard has succeeded in combining sociological theory with her use of autobiographical accounts to produce an accessible, refreshingly jargon free insight into the lives of those under investigation. However, the special strength of this book is that it also speaks to older widowed women and their families in a language that is accessible and meaningful with a story that has true relevance to their lives.
