Alternatively, if you are visualizing while in bed, you can allow yourself to drift off to sleep although it is preferable that you do not. You are already using it every day, every minute in fact. One law of energy is this: Energy of Creative Visualization certain quality or vibration tends to attract energy of a similar quality and vibration.

But the most important Creative Visualization is to apply what we know, to realize. This statement leaves room for something different and even better than you had originally envisioned happening, and serves as Creative Visualization reminder to you that this process only functions for the mutual benefit of all. First, think of something you would like. February 4.
Focus on what you want not what you don't want. Think big and go for it.
