Nouari's wife and mother cooked for us but did not appear. As you might suspect by looking at a map, the borders between them are arbitrary. This website works best using cookies. The Tenerians were considerably shorter in height and less robust than the earlier Kiffians. Most of the people living in the Sahara today do not live in cities; instead, they are The Sahara who move from region to region throughout the desert. Notsurprisingly, these communities are not well off. Load comments. Photo Gallery.
