Each story is an action-packed mystery to solve using science and technology. Children will find it particularly interesting with lovely background music and exaggerated facial expressions. I

certainly was tracked into the same middle and high school, but my friends changed yearly. Some of the humor and depth of the original are missing, but the illustrations are excellent. Did you know that dogs have a fairy dog mother? Together they go on an amazing journey, past icebergs and volcanoes, sharks and penguins, and the little snail feels so small in the vastness of the world.
