Thank you. Children will demonstrate many types of learning, for babies they will begin to develop their palmer grasp and later on develop more gross and fine motor skills. It is through handling and exploring these objects that a baby develops contact with the outside world, and begins to make their own choices and decisions.

Homemadetoys.AlisonTurnerJun5,atpm. I watched James slide a thin tube through a wider one, repeat the action, and then try to slide a larger object through the tube. Simple ideas include playing with clothes pegs in a container, playing with objects in the bath or a bowl of water or even banging saucepans with a wooden spoon to make your own musical instruments. In another session, I made three heaps of objects in three corners, although there were only four children.
