They encompassed more rights, including socioeconomic and community rights, and more procedural mechanisms for their protection. As a result of inter-American jurisprudence states have repealed and amended laws, including the Constitution; national Courts, especially constitutional courts, have relied on inter-American case law in salient cases ; [1] and administrative agencies have crafted countless policies to comply with far-reaching reparations.

But, you know, there are corresponding benefits. A society will never minimize structural inequality if it cannot overcome such exclusion. In accordance with the general imperative of the rule of law, however, both the executive and the legislative branches are fast learning that they too are and must be constrained by the constitution, i.
